

## Study Plan “Food Quality and Safety” (M.Sc.)

Status: 26 July 2024

Scope: applies to all students who have started their studies before the winter semester 2024/25

The study plan serves as an overview of the various modules that you have to take in the course of the study programme. The sequence of the modules is a recommendation and the semester offer may deviate from it. The current semester offer can be found in the timetables.

If there are any prerequisites for participation expected, you will find this in the descriptions of the individual modules.
